FOREWORD

I am happy that our institution is bringing out its 3rd Annual Report. In this small booklet, we are highlighting various programmes and activities undertaken during the past years.

This tiny booklet of Annual Report provides information about the Institution, functions of different academic branches, performances of functional committees, details of different professional development programmes attended by the faculty, staff and the University/Board's exam results during the reported period of time.

I would like to express my heartfelt thanks to all the faculty and ministerial staff who tirelessly worked for bringing out this Annual Report 2023-24.

A Glimpse of DIET Aizawl

District Institute of Education & Training (DIET), Aizawl is a prestigious Teacher Education Institution whose history dated back to 1953. It was originally established as a training institute for P/S teachers on September 1, 1953. During this time, it was known as Junior Basic Training Centre (JBTC). Later it was amalgamated with Normal Training School (NTS), a training institute for M/S teachers and became known as Undergraduate Teacher Training Institute (UGTTI) on September 19, 1974. Later, with the increasing number of graduate teachers, the nomenclature was changed to Teacher Training Institute (TTI) on July 1, 1980

TTI was later upgraded to DIET in December 1988 for the implementation of Centrally Sponsored Scheme for Restructuring and Reorganisation of Teacher Education. With the upgradation of TTI into DIET, Pre-Service Teacher Education which had long been discontinued was also revamped simultaneously.

DIET, Aizawl received recognition for D.El.Ed Course from NCTE in July 19, 2000 and it is affiliated to Mizoram Board of School Education (MBSE). Intake capacity for D.El.Ed is 120.
